Located At Halcyon Forsyth

CT Cantina & Taqueria Wants You!

Are you looking for a work internship experience in a fun, engaging, and trendy environment where you will never be bored? Would you like to meet and work with like-minded people who you can learn from in a positive way?

Look no further!

CT Cantina & Taqueria at Halcyon is starting a brand new internship program this Fall (2022) and we are looking for exciting, positive, and motivated students who are in a culinary/hospitality pathway and want to work in a fresh and happening environment.

Our internship program, The A.C.C.E.P.T. Program, is different from other food service internships. At CT, you will gather comprehensive experience, get the vibe of this industry, and explore interests before graduation. You will have a variety of real world experiences, learn proper techniques safely and in an engaging environment, gain school credit while having the

competitive edge and developing leadership skills. And best of all, **you will be paid!** Like any adventure in life, it is all about the people you share it with! Selecting the interns who will make the experience valuable to them is important. We want your time with us to be one of the most memorable and worthwhile experiences in your educational and professional life. This is why it is so important to clearly communicate our goals and expectations from the very start!

Working at CT Cantina & Taqueria will allow you to experience every aspect of the industry through broad exposure to many elements in our organization. Those students who are invited back for a second year, with an entrepreneurial focus, will have the opportunity to earn scholarship benefits. We will also provide you with resources aligned to your school's standards, regular feedback, project based learning, a mentor to guide you through each experience module, and the opportunity to continue to work with us in the future.

Once we have narrowed down the intern candidates, we will send you an offer to join the A.C.C.E.P.T. Program at CT Cantina & Taqueria. It will clearly state the compensation rate, logistics and general responsibilities, length of program and other relevant dates. If you want to join us, you will sign and return it to CT (contact will be provided). Unfortunately, we cannot offer all applicants a spot in the program as there are a select number of openings. However, all applicants will receive notification thanking them for their time and interest in the program, encouraging them to apply at the next opportunity and continue pursuing a career in this incredible industry and pathway.

We want our student interns, the school, and related faculty to be a part of the CT Family. We are happy to attend career fairs and events at your school. We also want to see you, your family, and teachers at our events throughout the year!

Join our team and have a work based learning experience like no other!

We can't wait to meet you!

Have questions? We have answers!
